

eSMART Teletherapy Platform

Your Teletherapy Wishlist

- Your school therapists actually want to use it
- Doesn't take an IT expert to figure it out
- Powerful reports you can understand
- Running in hours not months
- License only what you need when you need it

Your School Therapists Will be Ready for the Future!

eSMART Platform gives your SPED team a HIPAA compliant teletherapy platform to serve PreK-12 students remotely and in person, organize sessions, and communicate and report with the team.

Schedule a Demo to see what eSMART can do for your school!
