

Finally, teletherapy that adapts to your school's needs.

E-Therapy adapts to your unique situation. Not the other way around.

E-Therapy gives you options to meet your teletherapy needs:

- E-Therapy fills service gaps with licensed SLPs, OTs, PTs, and BMH professionals for online therapy sessions.
- E-Therapy administers remote psychoeducational assessments including Woodcock- Johnson® IV (WJIV™), Wechsler Intelligence Scale for Children® Fifth Edition (WISC®-V), diagnostics, and other testing.
- E-Therapy supports onsite therapists and helps SPED teams manage caseloads - large and small.
- E-Therapy licenses our HIPAA/FERPA compliant eSMART solution to school-based SPED teams during school closures or whenever needed.

Your school's Related Service needs are unique so a one-size-fits-all approach doesn't work. What does your school need?

Direct Virtual Therapy Services

When your school needs therapy experts to deliver online speech therapy, physical or occupational therapy, and behavioral and mental health services to your PreK-12 students, look no further than E-Therapy. E-Therapy provides customized, high quality teletherapy services to schools and districts nationwide. No minimum caseloads or hidden fees.

License eSMART, our Teletherapy Solution

Your own special education team can move quickly online when you license our eSMART Teletherapy Solution. This complete solution allows for easy monitoring, detailed data tracking, and IEP reporting. We train your school-based teams to get virtual sessions up and running with zero frustration. There is no commitment and no limits - use it when you need it.
